of the Eastern Panhandle

Blitz Build

Sponsorship Opportunity

This year's Eastern Panhandle Home Builders Association's "Blitz Build" for Habitat for Humanity will take place on September 14-25 in Martinsburg. Through the association's Community Service Committee we are going to once again build an entire house in 14 days. This year we are "GOING GREEN" by incorporating many "Green Building" features. We need your help to make this happen for a deserving area family. Your donation will support the many men and women that help with this major project during the two-week build. Your donation is tax deductible and makes a strong statement about your support of those in need of housing in our community.

Benefits

Public recognition/public relations
Networking
Service to your community
